

MILFORD RENEWABLE ENERGY ADVISORY COMMITTEE

SUSTAINABILITY RECOGNITION NOMINATION FORM

Return to Town Clerk's office

This nomination form was created to identify groups/individuals in the Town of Milford, Massachusetts who are making efforts to act more sustainably and to recognize them accordingly.

Sustainability, by definition, is the capacity to endure. There is now abundant scientific evidence that humanity is living unsustainably. Returning human use of natural resources to within sustainable limits will require a major collective effort. Ways of living more sustainably can take many forms, from sustainable agriculture and architecture, using science to develop new technologies (green technologies, renewable energy), to adjustments in individual lifestyles that conserve natural resources.

Nominee Name (group or individual): _____

Address: _____

Phone: _____ Email: _____

Nominee Type (check one):

☐ **Business** ☐ **Civic Org.** ☐ **Resident** ☐ **Student/School Org.** ☐ **Town Employee/Dept**
