## ***General William F. Draper Park & Statue 100 Years 1912-2012***

The equestrian statue of General William F. Draper is a remarkable bronze statue displayed upon a pedestal of Stony Creek granite. The statue, along with the park, were the gifts of his wife, Susan Preston Draper, who presented them to the town of Milford on September 25, 1912. General Draper enlisted in the 25th Massachusetts Regiment at the age of 19 and during the Civil War he saw active service in nearly all of the southern states. By the end of the war he commanded the 36th Massachusetts Regiment. Later, he became head of the Draper Corporation, was elected to Congress in 1893 and appointed as Ambassador to Italy in 1897. He died in Washington, DC in 1910.

This statue is a national treasure created by Daniel Chester French, one of America's foremost sculptors. Henry Bacon, landscape architect, is credited with the impressive pedestal and park. A sculptor by the name of Parker, who studied under Mr. French, helped create the horse. The monument stands as a legacy to General Draper's life and helps deepen one's sense of patriotism.

A celebration will be held Sunday, September 23, 2012 at 2 pm in Draper Memorial Park to commemorate the 100th anniversary of the presentation of General Draper's statue to the town.

## BOARD OF SELECTMEN/TOWN ADMINISTRATOR

The Offices of the Board of Selectmen and the Town Administrator, located in Room 11 of Town Hall, are open 8:30AM to 5:00PM, Monday through Friday. Board meetings, held on Monday evenings in Room 03 at Town Hall, are televised via the local cable channel. The Minutes, the formal record of meetings, may be inspected upon request. Meeting agendas and minutes are also available on the Town of Milford's website [www.milford.ma.us.com](http://www.milford.ma.us.com).

The Board of Selectmen is the chief elected board of the community. Amongst its many responsibilities and duties, the Board

- Establishes policies and practices for all facets of local government.
- Appoints individuals to boards and committees under their jurisdiction.
- Serves as the local licensing authority.
- Represents the Town of Milford in all legal affairs.
- Serves as the liaison to all committee and Town Departments.

As 2011 began, there appeared to be more concern with the passage of a Casino Bill than the more important Municipal Health Insurance Reform Act of 2011 which also subsequently passed. This landmark legislation is a major success for cities and towns seeking to control runaway health care costs. While it provides welcome relief for cities and towns, it also includes provisions for providing employees and unions input into the eventual agreements. As 2011 ended, the Board of Selectmen began preparations to work with the unions and also began to structure an agreement which will result in great savings yet still providing high quality health insurance for municipal employees.

The Town Administrator manages the daily operation of the Selectmen's Office, and is the administrative supervisor of department heads appointed by the Board. The Town Administrator also coordinates cooperative purchasing activities, and serves as Town Coordinator of the Americans With Disabilities Act, the Chief Procurement Officer of the Uniform Procurement Act, the town's Safety Coordinator, and the Municipal Database Coordinator for the Enhanced 9-1-1 Emergency Response System.

The Board of Selectmen and the Town Administrator have become actively involved with many projects and special activities throughout the year.

Highlights of 2011 include the following:

- Route 16 Intersection Project begins with full mobilization scheduled for Spring 2012.
- Adopted the Nuisance and Vacant Property By-Law.
- Carnival Policy Revisions.
- Executive Session Minutes – Record Management Policy Established.
- Milford Youth Center Gymnasium Dedication – Paul F. Seaver.
- Acquired land at 26 Dilla Street.
- Amended Liquor License Rules.
- Established a Town Hall Design Selection Committee.
- The Neighborhood Task Force was organized and activated.
- Resolved 8 Blanchard Road issue.
- Appropriated funds to complete second floor at Senior Center.
- Appropriated funds to replace Godfrey Brook culvert on Church Street.
- Appropriated funds for Handicap accessible ramp at Draper Park.
- Appropriated funds to repaint the exterior of Town Hall and repair both sets of stairs.
- Phase III of the Prospect Heights Project.

Chapter 40, Section 49 of the Massachusetts General Laws mandates the publication of this Annual Town Report, which must include reports of the School Committee, Town Accountant, and Town Treasurer. Beyond that which is mandated, however, the Selectmen attempt to provide information of interest and practical value to Milford residents. The Selectmen welcome your comments and suggestions for improvement of both format and content.

The Selectmen encourage Milford's residents to take an active role in the development of the community. An application for membership on various boards appointed by the Selectmen is available in the Selectmen's Office or on line for residents who are willing to share their skills and experience through involvement in town committees and volunteer efforts. Through these efforts the community will continue to grow and prosper.

Please let us know if you have any suggestions for improvements in the way that we are currently operating. We look forward to serving you.

Finally, it would be inappropriate to conclude this report without expressing appreciation to all town employees and department heads for their cooperation and assistance this past year. Their efforts have contributed greatly to our success. We thank them all.

In 2011, we also were saddened by the retirement of two long time public servants, John P. Pyne, Jr., Town Accountant and Anthony F. DeLuca Jr., Building Commissioner. Both gentlemen served the Town of Milford for many years and with distinction. While they will be missed for their hard work, dedication, and especially for their friendship, we wish them only the best in their retirement. We also welcome Zachary Taylor our new Town Accountant, Wendell Phillips Jr., our new Assistant Town Accountant and John Erickson, our new Building Commissioner. We look forward to working with them.

Finally, we would be remiss failing to mention the loss of four employees and close friends including: Lt. Americo V. Mancini, Alfred A. Zacchilli, Anthony Grillo, Fire Chief John E. Depaolo, Louis J. Arcudi Jr., and Sgt. Edward J. Rizoli.

A special thank you again is extended to Mrs. Liz Fernandes for her many hours of hard work in compiling the 2011 Annual Town Report.

## **MILFORD BOARD OF ASSESSORS**

Samuel J. Bonasoro, Chairman  
Joseph F. Niro  
Joseph F. Arcudi

Priscilla Hogan, MAA  
Assessor/Administrator

### **BOARD OF ASSESSORS**

The Assessors' office is responsible for keeping accurate data on all real estate and personal property in town and assessing both at market value as set forth in the Massachusetts General Laws. We are responsible for preparing the motor vehicle excise data received from the Registry of Motor Vehicles and turning it over to the tax collector to bill and mail. Our office handles tax exemptions for the elderly, blind, minor children of deceased Police or Firefighters killed in the line of duty, disabled veterans, hardships, and deferrals. We process abatements for eligible taxpayers for Motor Vehicle excise, real estate, personal property and the senior tax work-off credit. We continue to verify and collect data on all real estate and personal property in town. We re-measure 15% of the properties in town each year along with measuring and inspecting permits that are issued by the building department.

This year was an interim adjustment year overseen by the Department of Revenue. The Dept. of Revenue reviews all the sales for 2010 along with our analysis and proceeded to certify our values.

The economic conditions continue to have an impact on property values as reflected in this year's assessments. It does appear the market is beginning to stabilize. We will see if the foreclosure predictions change that.

The Board of Selectmen held the tax classification hearing in the fall of 2011. The Selectmen voted to retain the Dual Tax Rate shifting the burden of 148% to the Commercial/Industrial/Personal Property classes. The tax rate for FY2012 per thousand dollars of valuation is \$16.17 for residential property and \$27.84 for Commercial/Industrial/Personal Property.

This year our new growth number increased significantly than the previous couple of years because of an industrial property being sold that received a tax increment finance package from the town. The sale was cause for a decertification of the agreement and the property went to 100% taxable. This brought in an additional \$400,000 in tax dollars. Other than that the new growth remained low because of the lack of new building going on in the current market.

The Assessors' office continues the process of conducting a full measure and list of all properties in town. This is an ongoing project with 15 percent of the town being completed each year. This involves a letter being sent to taxpayers who will be inspected in the coming year notifying them that someone will be by to re-measure the building and do an inside inspection of each property. If no one is home at this time, or the time is inconvenient, a door hanger will be left for the property owner to call the office and schedule an appointment. The purpose is to verify/correct the data on file in the assessors' office as required by the Department of Revenue to maintain equity. The Board also recommends that property owners check their property record card every year to verify the data on file. It is the responsibility of the property owner to be sure the data is correct. The Assessors' property data is now on line through the Town of Milford web site ([www.milford.ma.us](http://www.milford.ma.us)). This data is updated once a year. It is posted when values are finalized, usually late December or early January.

The Board meets regularly as posted. Meetings are open to the public; however, any person who desires to meet with the Board should call and make an appointment to be put on the agenda.

The Board would like to take this time to thank Priscilla Hogan, the Assessor/Administrator, for her hard work and dedication to this community. She continues to serve on the Milford Senior Work-off Program Committee, the Milford Elderly exemption committee, and the Massachusetts Association of Assessing Officers Legislative committee.

Also, the Board wishes to thank the staff of Terry Dias, Rui Pereira, Rebecca Alger and Dawn Naff for their consistent hard work and dedication to helping the taxpayers, other town departments and general customers. We also want to acknowledge the drive they have to continue with educational classes and a great team spirit within the town hall.

The Board also would like to thank all the town departments for their teamwork and the citizens of Milford for their continued cooperation and we look forward to serving the community in the coming year.

Respectfully submitted,

Samuel J. Bonasoro, Chairman  
Joseph F. Niro  
Joseph F. Arcudi

## MILFORD CAPITAL IMPROVEMENT COMMITTEE

Town Hall, 52 Main Street  
Milford, MA 01757

### CIC Year-End Report for 2011

Despite having a vacancy in its membership and no clerk throughout 2011, the Capital Improvement Committee [CIC] met regularly during the year. Working with the Selectmen's Office, candidates to help fill the vacancy for next year were reviewed. With the Personnel Board and Finance Committee, the CIC has also been working to restore a clerk position for this committee.

The CIC has continued to review future capital expenditures, planned to help maintain or enhance the Town's assets and infrastructure. This committee worked closely with various committees and all Town departments, to review capital improvement plans and recommend beneficial capital projects.

To assure proper consideration of all capital improvements, the CIC worked with the Finance Committee and all Town department heads. The result of this process allowed the CIC to present to the Finance Committee and Town Meeting our recommendations of each of the capital expenditures presented for evaluation, as specified in Article 18 of the Town By-Laws.

As required by this committee's governing by-law, the CIC received proper notice for all articles brought before either the Annual- or Special Town Meeting that met our statutory thresholds. With only a few exceptions, those articles represented capital expenditures presented previously to this committee in the 5-year plans from all Town departments.

In order to responsibly make recommendations to Town Meeting and the Finance Committee, this committee reviewed the individual merits of each of the proposed capital expenditures, considering such details as opportunity costs, reduction of foreseeable liabilities, statutory/regulatory obligations, availability of outside funding, and extended/alternate usages. Of note is the fact that the Finance Committee and the CIC agreed on all articles reviewed by this committee in 2011, in that both committees ultimately recommended those articles favorably.

Finally, with a mid-year change in leadership, the CIC also began a review of our internal procedures, as well as potential changes/updates to our governing by-law.

## MILFORD COMMUNITY SCHOOL USE PROGRAM

TO THE HONORABLE BOARD OF SELECTMEN:

Our 38<sup>th</sup> year has again been most rewarding and successful for the Milford Community School Use Program. Our program offerings were again well attended and, hopefully, we have continued to provide an enjoyable experience for the residents of our community.

We have expanded our basketball program to now include a travel basketball league. With this addition, the Milford Community Program has over 800 children playing basketball in the winter season.

The Milford Community School Use Committee, the nine-member advisory committee, meets every other month between September and May in the Milford Community School Use Program Office at Milford High School.

As we begin our 38<sup>th</sup> year, we will continue to try and meet the needs of our community. We have added many new Adult Education Wellness programs. Also, our selection of Children's Programs during all seasons continues to grow. To inform people of our many classes, we send emailed newsletters to those interested in keeping up-to-date with our programs. As always, you may visit our website anytime to find out what is being offered.

To enhance the arts in the area, the Greater Milford Community Chorus continues to perform two annual performances. Due to the high attendance at their recent winter performance, the Chorus will move their concerts to Stacy Middle School Auditorium.

Please visit our website at [www.milford.ma.us/mcs](http://www.milford.ma.us/mcs). Through the website, you may contact the Community Use Office with any questions or ideas. Residents are reminded that suggestions and ideas for new programs are always being solicited.

I would like to again extend my appreciation to the Milford School Committee, the Superintendent of Schools, the Milford School Department, and the other town boards and agencies for their support and cooperation during the past year.

Finally, I would like to extend my sincerest thanks to the nine-member Milford Community School Use Committee for their devotion and support in continually striving for a comprehensive and enjoyable program for all our residents.

Sincerely,

Leonardo L. Morcone, Director

The Milford Conservation Commission is responsible for protecting and promoting the natural resources of the Town. The seven members of the commission are appointed by the Selectmen to serve for a three-year term. Meetings are held on the third Thursday of each month in the Town Hall.

The Commission is responsible for the protection and preservation of natural resources in the Town of Milford. The Commission administers, and is guided by, the Wetland Protection Act (M.G.L., Ch. 131, s40) and the Rivers Protection Act (Ch. 258 of the Acts of 1996). Any land-disturbing activity within the resource areas protected by these acts requires an application to the Conservation Commission with either a Notice of Intent or a Request for Determination of Applicability. In 2011, a total of four (4) Notices of Intent, twenty-three (23) Requests for Determination of Applicability and one (1) Abbreviated Notice of Resource Area Delineation were submitted for review to the Commission. These submissions generated \$2,735.00 in wetland fees.

## MILFORD COUNCIL ON AGING ANNUAL REPORT 2011

The Milford Council on Aging is a nine-member advisory board appointed by the Board of Selectmen. They meet on the second Tuesday of each month (except July & August) to make recommendations on matters concerning the operation and policies of the Milford Senior Center.

The Milford Senior Center, located at 60 North Bow Street, is the gateway for services for residents age 60+ and disabled residents, regardless of age. The Senior Center hours of operation are Monday through Thursday 8:30 am to 5:00 pm; Fridays from 8:30 to 4:00 pm and Sundays from 1:00 to 4:00 pm.

According to the 2010 Census our elder population (60+) has increased by 736 elders which now brings us to a total of 5,124 seniors in Milford. The Senior Center provides supportive services, wellness programs, recreational activities and educational programs. In 2011 the Senior Center provided 38,692 units of service to 3,484 individuals. This number includes over 11,000 phone calls for information and referrals. Our newsletter, The Elder Milfordian, is mailed to 3,000 senior households five times a year. This 12-page publication is filled with information on matters of importance to elders and upcoming activities at the center.

The Senior Center van provides local transportation for Milford Seniors and medical transportation for Hopedale seniors. Out-of-town medical transportation to destinations such as Boston and Worcester is available through a grant from the Executive Office of Elder Affairs.

The Friends of the Milford Senior Center, Inc. is a private, non-profit organization which was formed to do fundraising for the benefit of the Senior Center. Membership to the Friends is \$5 a year but membership is not necessary to participate at the Senior Center. All funds raised by the Friends go directly back to the Senior Center in the form of support for programs and activities that cannot be provided by the State or the Town.

The Milford Senior Center is the Headquarters for the S.H.I.N.E. Program (Serving Health Information Needs of Elders). The volunteer counselors for this program are highly trained to provide accurate and objective information on health benefits. This service is vital to our elders who must deal with a complex system of benefits when making decisions regarding their medical and prescription insurance coverage.

The Tri-Valley Nutrition Program operates within the Senior Center. They provide over 100 meals per day to Milford and Medway elder residents.

Over 116 volunteers gave 8,700 hours of volunteer service in 2011. Each May we honor our volunteers with a special luncheon (funded by the Friends of the Milford Senior Center) and honor an extraordinary volunteer. The Senior of the Year for 2011 was Regina "Raye" Ferrera. Recipients of the President's Award at this luncheon were Mary Ciaramicoli, Joanne Rosen, Edwin Roth, Vincent Squicciari and Carol Walker. We thank and extend our deepest appreciation to our volunteers for their efforts and dedication. The Senior Center is prepared to meet the challenge of the ever-increasing elder population. We will continue to identify the needs of our elders and provide services and programs accordingly.

## **2011 ANNUAL REPORT**

Massachusetts felt the impact of several major natural disasters in 2011. In June EF-3 tornados hit western and central Massachusetts, August brought Hurricane Irene to the area and a major snow storm hit in late October. All of these events impacted our community to some degree.

The major impact to our community was the loss of electricity for extended periods of time. Both Hurricane Irene and the October snow storm knocked out power to thousands of residents for more than two days. National Grid, our electric provider, was overwhelmed by the scope of both events and brought in out of state resources to assist with restoration. These events brought to light deficiencies in the National Grid Emergency Response Plan. Working with state and local officials, National Grid is working to strengthen their plan.

The Town has requested reimbursement from FEMA for allowable disaster related expenses for both Hurricane Irene and the October Snow Storm. President Obama declared both of these events major disasters. The declarations opened the door for federal reimbursement for some of the emergency response and cleanup costs incurred by the Town.

These events have served to reinforce the need for individuals and families to have an Emergency Plan. The plan should allow people to be self-sufficient for 72 hours following a disaster. Residents should plan ahead and have an emergency kit ready at all times. Kits should contain nonperishable food, water, medicine, flashlights and other necessities. Additional information on how to develop a plan and put together an emergency kit can be found on the FEMA Website at [ready.gov](http://ready.gov).

Emergency preparedness is a community effort. We are committed to working with all interested groups and individuals to promote preparedness and enhance our community's ability to respond and recover from disasters.

## **Town of Milford Office of Fair Housing**

---

The Town of Milford, through its Board of Selectmen, has approved and continues to support a Fair Housing Action Plan in compliance with guidelines promulgated by the Massachusetts Commission against Discrimination and in conformance with State and Federal laws relevant to the provision of equal choice and housing for all individuals.

The plan is a public document and is available for inspection in the Selectmen's Office. The plan has been implemented through the efforts of the Fair Housing Committee with representation from: the Planning Board, the Housing Authority and the community-at-large. This committee continues to be charged with development a bilingual outreach program to disseminate information, the review of the actions of community boards and agencies pertaining to housing, the pursuit of activities, and the resolution of complaints concerning alleged discrimination in housing through the multi-lingual Complaints Intake Program.

## **Town of Milford Inspector of Animals**

---

In compliance with provisions of Massachusetts General Laws, Chapter 129 all dogs and cats involved in biting incidents and possible rabies exposure were quarantined by state protocol. Follow up investigations were conducted requiring animals under quarantine to be health checked and to be properly vaccinated, as required by law. The Annual Farm Inspections were done in November. All bovine, livestock and poultry were inspected and found to be in good health and disease free. Animal housing was observed to ensure good husbandry and that there was ample food and water supplied.

It is incumbent upon animal owners to keep their pets properly vaccinated for the safety of the animal as well as the safety of the general public. Citizens requiring assistance from the Animal Inspector may call (508) 478-3871.

*Town of Milford  
Finance Committee  
52 Main Street  
Milford, MA 01757*

---

The Finance Committee is comprised of fifteen volunteer members appointed to staggered three-year terms by the Board of Selectman. Authority is granted to the Committee pursuant to Massachusetts General Laws chapter 44 and Article 2 of the General By-Laws of the Town of Milford. The Committee's major responsibilities include consideration of all indebtedness, administration of all Town Departments, and other municipal affairs of the Town, and to make such reports and recommendations to the Town concerning the same. In order to accomplish such responsibilities, the enabling By-Law grants the Committee authority to investigate and inspect the accounts, books, management, and records of the Town and any Enterprise Fund of the Town, and directs Town officers to furnish the same upon request. The Committee meets not less than monthly, usually the second Wednesday of the month, to accomplish these responsibilities, and often meets more frequently during the budget review process, as well as prior to Town Meetings. Furthermore, the members organize into subcommittees to meet with Town Departments, often during both daytime and evening hours.

In the fiscal year beginning July 1, 2011, the Committee approved a General Fund budget of \$75,549,627. The committee continues its commitment to minimal budget increases in order to curb operational spending, provide funds for necessary capital projects, while minimizing the financial burden on the taxpayers. The Town is completing a \$3 million renovation of the athletic facilities at the High School, including the football field, tennis courts and adjacent areas, while making the facilities ADA compliant. A parking area across from Memorial School on Walnut Street, and the Fino Field lighting upgrade project have been completed. Available funds allowed for \$850k of excess levy capacity to reduce the total tax increase this year. The town also approved an increase of the hotel tax that may generate additional funding for the next fiscal year. The national scene still paints a picture of fiscal uncertainty with concerns fueled by high federal deficits, high unemployment, military actions, and a slowly recovering economy.

As with many growing Massachusetts communities operating within the confines of Proposition 2 ½, the Town is challenged continually by financial constraints. The Committee pledges its continued dedication to help overcome these constraints. While the majority of local area communities have passed Proposition 2 ½ overrides, or debt exclusions, the Town of Milford has yet to do so and is committed to providing excellent services to the community with a minimal increase to the taxpayers.

The Milford Finance Committee expresses its gratitude to the many Town officers and employees for their dedicated assistance, cooperation, and encouragement, as well as their critical assessment and commentary as warranted. In particular, the Committee extends special thanks to the Town Administrator, the Board of Selectmen, the Town Accountant, the Town Treasurer, and the Town Counsel for their assistance and cooperation during the past fiscal year.

## **2011 Annual Report**

The Milford Fire Department continues to provide professional fire, rescue and EMS services to the citizens of Milford on a daily basis. Our firefighters responded to over 4,400 calls for emergency service during 2011. These incidents included fires, emergency medicals, hazardous materials releases, motor vehicle accidents and industrial accidents along with general calls for assistance from the citizens of Milford. The department's personnel and equipment were highly taxed during Hurricane Irene and the days that followed due to the significant call volume.

Staffing levels at the Milford Fire Department have remained constant over recent years. Department staffing presently consists of the Fire Chief, Deputy Fire Chief, six Lieutenants and thirty-two Firefighters and remains below national standards for communities the size of Milford.

During August the department placed into service a new Ford rescue truck replacing the 2001 model which had over 120,000 miles. The rest of the fleet while aging remains in service and well maintained.

Training continues to be a priority for the department. Annual classes include live fire evolutions using the department's burn building, vehicle extrication, EMS, search and rescue, technical rescue and hazardous materials. Several of our firefighters remain members of regional hazmat and technical rescue teams.

Our department continues to work closely with Chief O'Loughlin and the members of the Milford Police Department, as well as other town departments in dealing with situations that involve multiple jurisdictions.

Like all town departments, we continue to strive to maintain our level of service despite decreasing funding opportunities and increased calls for service. I look forward to working with the Board of Selectmen in the upcoming year to continue to improve our department.

The Board of Health works diligently to achieve a high recycling rate for the town. By increasing the amount of materials that can be recycled, and by educating residents, this goal can be achieved. The Town of Milford through its Board of Health has a comprehensive curbside recycling program since 1991, the first in Worcester County and the second in the State of Massachusetts to provide this program and service.

The Transfer Station on Cedar Street is open 8:00AM - 3:45 PM on Thursdays and 8:00 Am - 4:45 PM on Fridays and Saturdays. This facility is usually only opened on

Saturday during winter months (January through March). As of July 1, 2003 Transfer Station Permits are required by residents to use the facility. This year over 2,300 permits were issued for a \$20.00 fee. These funds will be used to support and make the necessary upgrades to the facility.

During October of this year (2011) the Milford Board of Health reached out to the Worcester County Sheriff's Office Community Service Department and had the interior of the two-car garage re-insulated and new wall board installed. The total cost for this project was approximately a little over \$1,000.00. The inmate's workmanship was very good and an approximate savings to taxpayers was over \$2,500.00. The board of health is now working with Blackstone Valley Tech High School to assist us with vinyl siding of the exterior and building a deck for the office trailer.

Through the efforts of Paul A Mazzuchelli, Health Agent, Milford received grants from the Department of Environmental Protection. These grants make it possible for the Board of Health to provide seven paint days from April to November and motor oil collection. Over 2300 gallons of waste paint was collected and over 2,500 gallons of waste oil was collected. The Milford Board of Health hosted a household hazardous waste day was held on November 12, 2011 with no cost to those residents that use this program. A total of 77 residents used this service and a total of 5,200 pounds of hazardous waste was collected and properly disposed of. General Chemical Company from Framingham, MA was the hazardous waste collector for this event.

The Board also conducts a Dental Health Program, which includes a fluoride rinse for school children from grades K through 5. Dental Health Screening Education is also provided. Over 1,300 children benefit from this program. Mrs. Michelle Parker is coordinating this program for the board of health.

From June to September, the Board in conjunction with the Central Massachusetts Mosquito Project controls adult mosquitoes. West Nile Virus and Eastern Equine Encephalitis carriers are always closely monitored. Health Officer Paul A. Mazzuchelli is one of the five commissioners serving on this board which covers 48 municipalities in Central Massachusetts.

The Board thanks the Milford Highway Department for assisting at the Transfer Facility, and for its continuous support.

## **HISTORICAL COMMISSION OF MILFORD**

**Milford, MA 01757**

### **2011 Annual Report**

#### **MILFORD HISTORICAL COMMISSION**

**January 1, 2011 - December 31, 2011**

A large color picture of the Main Street was hung in the back hallway of Memorial Hall as well as one of Betsy Ross and the American Flag. This flag was presented to the American Legion Post many years ago. In the Reference Room pictures of George and Martha Washington were hung facing the museum. These pictures were found in the third floor of Memorial Hall. Three dress forms were purchased and a nurse's uniform was put on one of them. A group picture in front of St. Mary's Church with Bishop Shaughnessy was a gift from Rev. Francis Sweeney, SJ to his cousin Rita Hanlon. Three pair of eyeglasses from F.A. Geoffroy and H. Ellis Morse, local Optometrists, was also given to the Museum for the estate of Rita Hanlon.

Our annual Open House was held on Sunday, October 16<sup>th</sup> at 2:00 pm. in the GAR Hall. The program included a slide show of "Milford Long Ago", a collation, and refreshments at Memorial Hall. Guest Speaker was Anne Lamontagne, secretary of the Historical Commission, speaking about the Civil War noting the 150<sup>th</sup> anniversary of the start of the war.

The quarry walk was held Saturday, May 21 at 1:00 pm starting at St. Mary's Church. The group looked at pictures of early stonecutters, buildings and monuments made from Milford's famous pink granite and local quarry sites. Visits to quarry sites concluded the program.

The Commission plans to celebrate the 100<sup>th</sup> anniversary of the General Draper Statue in September in place of our annual open house. We will also request that a picture of the General Draper Statue be on the cover of next year's Annual Town Report. The statue is the work of Daniel Chester French and was unveiled on September 25, 1912.

A picture of Alexander Scammell, a Revolutionary War hero from Milford, along with biographical information, is now on display in our Milford display case.

The roof of the North Purchase District School was covered with "pewterwood" architectural shingles. The money for this project was the balance left in our account from monies awarded to the town by Boston Edison years ago when they put in a substation in the North Purchase area.

A letter from the Massachusetts Historical Commission indicates that the Draper Statue would need to be listed as a contributing object in a nomination for Draper Memorial Park to the National Register.

Many tours continue to be conducted for school children, scouts, and teachers by appointment, along with walk-in visitors on Thursday during our weekly open house at the Museum. A special showing of the historical DVD was presented at Milford Geriatrics.

The Commission meets the second Wednesday of each month in the Memorial Hall Museum at 7:00 p.m. All meetings are open to the public and new members are welcome. The Museum is usually open every Thursday afternoon and whenever there is an event in the GAR Hall.

## MILFORD INDUSTRIAL DEVELOPMENT COMMISSION

52 Main Street, Milford, MA 01757 508-634-2317

### 2011 ANNUAL REPORT

The Industrial Development Commission (IDC) was established under MGL Ch.40 § 8A in order to promote and develop the industrial resources of the Town. The eleven member Commission is comprised of representatives from local government, the business community, and interested citizens, whose goal it is to assist Milford industries and attract new businesses and industries to the Town. The Industrial Development Commission relies on the 2003 Milford Comprehensive Plan adopted by the Planning Board as a guide to its program and project implementation. The Commission typically meets on the third Wednesday of each month at 4:00 pm in Town Hall.

Maintaining an equitable shift in the Town's dual tax rate remained a primary focus for the Commission. Members of the IDC again provided testimony at the annual tax classification hearing conducted by the Board of Selectmen. Commission members stressed the IDC's position that further increases in the rate shift could have a detrimental effect on industrial development, and stressed the importance of Milford remaining competitive in attracting and retaining businesses by remaining competitive as to the cost of doing business. Another primary focus for the IDC is the Veterans Memorial Drive Extension project, which would relieve traffic congestion on Route 16 in Downtown Milford by shifting some 5,000 daily vehicle trips to a new alignment parallel to Route 16.

The IDC, in conjunction with the Office of Planning and Engineering, funded the implementation of a town-wide, web-based Geographic Information System (GIS). This electronic mapping system will provide public access via the Internet to the Assessor's parcel maps and database, as well as a number of thematic maps such as zoning, aerial photography, and environmental features. The GIS will be available to the public in early 2012.

The IDC continues to monitor and maintains the signage program in the Bear Hill Business/Industrial Park, and facilitates signage updates for new businesses and industries locating in the Bear Hill area. The IDC is monitoring the progress of the Quinsigamond Community College (QCC) study committee investigating the possibility of establishing another satellite campus for QCC in the Blackstone Valley, hopefully in Milford. The Commission continues to maintain the IDC's portion of the Town's website as a means of providing improved access to industrial and economic information with links to various State agencies. Individual members of the Commission continue to participate with various area businesses and organizations in promoting and supporting business issues affecting Milford.

In 2011 the Milford Town Library saw a significant increase in all areas of library services. The number of Milford residents that have library cards is 15,901, nearly 50% of the 2010 Census population estimate. There were 160,420 visits to the Library, a 9% increase from the previous year. Adult and Youth Services programming attracted 6,547 patrons to a wide variety of programs. Another trend is the long distance learning and reliance on the library to provide access to web based education. Workstations were used on the total average of 655 times per week for research, job searching and school assignments.

The Milford Town Library with the help of the community members spent the year developing the 2011-2016 strategic plan. The Long Range Committee who consisted of school and community members were Phyllis Ahearn, Lena McCarthy, Jane Schroeder, Lisa Sherman, and Board of Library Trustee members, Victor Valenti, Richard Person, Library Director Susan Edmonds and Youth Services Supervisor Sue-Ellen Szymanski. Chaired by Library Trustee Barry Knowlton, the committee was given the task to update and plan for Library services. The committee created a plan that provides guidance to several of the important issues facing libraries in the next 5 years.

The committee addressed the explosion of E-Readers and other web enabled devices and the impact on collection development. The Library's collection reflects the trend. Books currently comprise 84% of the collection, with 75,719 adult/young adult volumes, and 34,064 children's volumes for a total of 109,783. items. The remaining 16% of the collection is comprised of video, audio, games and other digital formats including E-books that are jointly owned through the C\WMARS Library Network. Combined this brings the total of 134,505 items in the collection. Digital materials account for 35% of circulation 242,929 for FY2011. Milford provided 45,865 items for inter library loan to C\WMARS Library Network, and libraries across Massachusetts and other states.

Another important issue facing the Milford Town Library is the continued availability of digital information. Unlike written materials, electronic subscription databases are leased and not owned by the Library or library network. There is a chance that the service could be stopped and this impacts the availability of information only available in digital format. The Long Range Committee noted that funding and continued support of all formats is important to collection.

The Milford Town Library is a reflection of the community and the Long Range Planning Committee stressed in the plan that the Milford Town Library is a forum for community learning and is dedicated to providing free, easy, equal, and confidential access to all forms of human expression and cultural diversity. Through the dedicated library staff, library trustees, community members and the Friends of the Milford Town Library, the Milford Town Library continues to provide services that enrich the lives of Milford residents of all ages

## **METROPOLITAN AREA PLANNING COUNCIL**

60 Temple Place, Boston, MA 02111

### **2011 Annual Report**

The **Metropolitan Area Planning Council (MAPC)** is the regional planning agency serving the people who live and work in the 101 cities and towns of Greater Boston. With a mission to promote smart growth and regional collaboration, MAPC's work is guided by our regional plan, "MetroFuture: Making a Greater Boston Region."

This year has been transformative in many ways for both MAPC and the region. With an infusion of federal dollars through HUD's Sustainable Communities Regional Planning Grant, MAPC has been honored and challenged with a great responsibility this year: to support and showcase the best smart growth projects and policies across Greater Boston, and to serve those up as models for others across the country.

Our **Metro Boston Sustainable Communities Consortium**, which governs the grant, now numbers 158 member organizations, including 65 municipalities representing 80 percent of the region's 3 million residents. The Consortium's Steering Committee has already funded a number of projects that were directly included in our application to HUD. In addition, we released our first request for place-based project proposals this summer, to which we received 33 applications totaling \$1.7 million in diverse ideas. We are pleased to report that 11 new projects were selected for funding under a competitive evaluation process that emphasized our MetroFuture goals related to equity and sustainability, while aiming for geographic diversity.

We're also proud to report that 2011 was another successful year for our work under the **District Local Technical Assistance (DLTA) program**, which is an essential vehicle for helping communities achieve more sustainable land use and more effective local governance. DLTA funding is provided by the Legislature and Governor to help cities and towns to collaborate regionally on housing, economic development, and environmental protection projects. The funding can also be used to help municipalities to coordinate and more efficiently deliver local services. This year, MAPC funded 19 projects, 8 in land use planning and 11 in municipal services.

MAPC staff also worked with the **495/MetroWest Development Compact** to help identify priority development and preservation areas and significant transportation and infrastructure investments for that region. We worked with our neighbors to the west, the Central Massachusetts Regional Planning Commission, and other allied organizations, to hold community meetings in almost 40 cities and towns, yielding both local and regional priorities for both residential and economic growth, as well as priority land for preservation and protection. MAPC is working to make sure commercial and residential growth respects open space resources, transportation networks, and water resources in the region.

This year, one of our most significant transportation accomplishments came with the launch of the **New Balance Hubway Bike Share in Boston**. Hubway opened in July 2011 with 600 bikes spread across 61 stations in Boston. Bolstered with funding from the Federal Transit Administration, MassDOT, the MPO, and local businesses and institutions, Hubway bikes clocked over 140,000 trips by the time the program closed down for the winter — wildly outpacing expectations. In 2012, MAPC will help to facilitate expansion of Hubway into surrounding cities and towns such as Brookline, Cambridge and Somerville this year.

We've continued to support bicycling through infrastructure improvements with our **Bike Rack Purchasing Program**, funded by the MPO. This year, cities and towns purchased \$272,149 worth of bicycle parking infrastructure. In the four years of the program, 8,542 bike parking spaces have been installed, with another 4,268 still on order. Our planners also released a new **Snow Removal Policy Toolkit** in winter 2011, just in time for the record snowfalls the region experienced. The guide, available at [www.mapc.org/resources/snow-removal-policy](http://www.mapc.org/resources/snow-removal-policy), contains best practices, information on a recent state Supreme Judicial Court ruling about snow removal, and model ordinances for municipal leaders to apply. MAPC also published the 2011 **Greater Boston Cycling and Walking Map**, the region's first comprehensive map of walking and bicycling facilities. To see the interactive website or request a hard copy of the map, visit [www.trailmap.mapc.org](http://www.trailmap.mapc.org).

In 2011 we added two new divisions to MAPC: **energy and public health**. We now have several staff devoted exclusively to providing technical assistance and policy guidance to bolster energy efficiency and reduce greenhouse gas emissions (GHG), to help in the regional development of renewable energy resources, and to procure energy products and services for groups of municipalities.

In the public health field, we had the unprecedented opportunity this year to partner with the Massachusetts Department of Public Health (DPH) — a member of our Sustainable Communities Consortium — to apply for a **Community Transformation Grant** funded under the federal health reform law, the Affordable Care Act. We were selected in September, 2011, making MAPC the only regional planning agency in the country to receive a Community Transformation Grant. We have learned that health outcomes are one of the greatest indicators of inequality in the Metro Boston region. Indeed, although the region as a whole has become far more diverse over the past decade,

deep divisions and inequity remain. The “Regional Indicators Report” report can be found at [www.mapc.org](http://www.mapc.org), while a more detailed review of indicators can be studied at [www.regionalindicators.org](http://www.regionalindicators.org).

In 2011, MAPC also continued to innovate new ways to use technology and interactive websites to engage residents and share data about the region. The Data Services Department developed two new **online transportation survey tools** that allow commuters and parents to provide information about travel patterns using an interactive map, rather than a traditional paper survey. These “open source” survey tools, available at <http://greenstreets.mapc.org> and [www.myschoolcommute.org](http://www.myschoolcommute.org), can be easily adapted for use by other municipalities and organizations in the region.

MAPC is also developing new ways to help stakeholders find and use data, through interactive mapping sites. During the past year, more than 8,600 unique users visited [www.MetroBostonDataCommon.org](http://www.MetroBostonDataCommon.org), MAPC’s **regional data viewer and web mapper**, to access data about 2010 Census results, the American Community Survey, housing developments, and hundreds of other topics. Early 2012 will see the launch of the next generation of the DataCommon, which will include new Community Snapshots, a more intuitive mapping interface, and more powerful tools for the analysis and visualization of data.

Our mission remains the desire to help municipalities collaborate across city and town borders, becoming more efficient in their operations and service delivery, oftentimes saving money and resources in the process. Nowhere is this more exemplified this year than in MAPC’s unique **Fire Apparatus Collective Purchasing Program**. This year, MAPC and the Fire Chiefs Association of Massachusetts (FCAM) brought the city of Boston into the partnership, giving the program a giant leap forward. To date, 23 fire trucks have been purchased through the program, saving \$460,000 collectively.

In order to promote regional collaboration, MAPC continues to operate three regional equipment cache sites, containing reserves of emergency resources for large-scale incidents. Located in Beverly, Framingham and Lexington, each site contains equipment to help the region prepare for and respond to major events such as natural or man-made disasters, by providing resources that municipalities typically can’t afford to purchase individually. MAPC works in tandem with **NERAC, the Northeast Homeland Security Regional Advisory Council**, to offer these resources through the Homeland Security grant program by the U.S. Department of Homeland Security through the state’s Executive Office of Public Safety and Security. NERAC assets were deployed in Hurricane Irene and the early-October Nor’Easter, making 2011 a year of deep need in terms of emergency planning and preparedness.

MAPC continued a robust legislative agenda in 2011, focusing on topics such as **transportation funding, zoning reform**, and pursuing a more sound financial footing for the **Community Preservation Act**. With many allies, we achieved a major success when Governor Patrick sign into law legislation reforming health insurance for municipal employees on July 12, 2011.

Finally, as the discussion and debate around the MBTA’s struggling financial picture takes shape, we are poised to influence policy decisions and advocate for key revenue changes as part of our new **Transportation Campaign**. We’ve hosted forums on transit funding throughout the year and are planning more as pending fare hikes approach for transit riders. If you are interested in joining us, visit our website to get started.

As we move forward into a new year, we know that MAPC will continue to be involved in creating a healthy, strong, more vibrant region consistent with our MetroFuture goals. Visit [www.mapc.org](http://www.mapc.org) throughout the year for news and updates about our work.

## South West Advisory Planning Committee (SWAP)

Bellingham, Dover, Franklin, Hopkinton, Medway, Milford, Millis, Norfolk, Sherborn, Wrentham

During 2011, the SWAP subregion representatives participated in ten meetings and a Legislative Breakfast to discuss issues of mutual interest and to provide input to MAPC and other agencies. SWAP developed and supported transportation priorities as part of the Boston Region Metropolitan Planning Organization’s (MPO) 2011-2015 Transportation Improvement Program (TIP).

SWAP members participated in discussions and heard presentations about the Sustainable Communities grant program, submitted a proposal for a subregional Transportation Study, and participated in State District Local Technical Assistance (DLTA) Energy Programs. The Upper Charles Trail project was highlighted during a presentation by the Milford Upper Charles Trail Committee that included a Trail Development Primer for other communities planning trails. The DLTA-funded Parking Bylaw Project provided draft bylaws to address 12 parking strategies. Communities may adapt the strategies to update their parking regulations.

All SWAP communities except Dover were included in the 495/MetroWest Development Compact. The project identified Priority Development Areas and Priority Preservation Areas along this strategic corridor to guide future public investment. Medway was elected to serve as the SWAP subregional representative. For more information, visit [www.mapc.org/subregions/swap](http://www.mapc.org/subregions/swap).

## Milford Pond Restoration Committee

---

Milford Pond, originally known as Cedar Swamp Pond, was historically a cedar swamp located in the headwaters of the Charles River. The cedar swamp was converted into a pond through the cutting of trees and the construction of a dam, circa 1938 that raised the water level within the swamp and created the shallow pond that exists today. In the 1940s and 1950s, Milford Pond was utilized by local residents for fishing, boating, swimming and ice-skating. Recent decades have witnessed a decline in water quality and depth, the proliferation of aquatic weed species, and a significant decrease in the value of the pond's aquatic habitat. The degraded state of the pond has existed since the late 1970s.

In 1994, the Milford Pond Restoration Committee was formed and several studies were conducted to determine the feasibility of restoring the pond. Hydraulic dredging of 40 acres that will not require draining the pond was chosen as the most feasible option. In 2001, the town was able to enlist the aid of the United States Army Corp of Engineers who have prepared plans and will partially fund (up to 65% of the cost) the project.

Currently, the status of the project is to secure State and Local funding for the 35% local share of the project. Once this is accomplished the plans will be finalized and the project will be put to bid in two one-year phases.

Ladies and Gentlemen:

Thank you for the opportunity to present the 2011 Annual Report for the Milford Police Department. During this past year, the following personnel changes occurred within the Milford Police Department:

- Deputy Chief Ronald Marino retired after 37 years of dedicated service to the Town of Milford.
- Sergeant James Heron was promoted to the position of Deputy Chief of Police.
- Sergeant David Sacco retired after 23 years of police service, of which 19 years were dedicated service to the Town of Milford.
- Officer Michael Jones was promoted to the position of Sergeant.
- Officer Robert Pavia transferred to the Milford Police Department from the MBTA Police Department.
- Officer Jeanne Van Patten Steiger transferred to the Milford Police Department from the MBTA Police Department.

I am pleased to report that the men and women of the Milford Police Department continue to meet their daily responsibilities and challenges in a professional and exemplary fashion. In 2011, the officers of the police department responded to 22,349 calls for service. Patrol officers and detectives continue to work cooperatively and diligently to solve cases that have had an impact on residents of the community.

The Police Chief and Fire Chief continue to work as a team in managing the Milford Public Safety Communications Center which is staffed by civilian dispatchers who possess the necessary skills and abilities to address the public safety concerns of the Milford community.

During 2011 the Milford Police Department sought and received a grant for \$250,000 to expand the level of services of the Riverside mental health clinician assigned to the Milford Police Department. The clinician will assist police officers by providing on-scene mental health assessments and assistance to patients who are encountered by the Milford, Bellingham, Franklin or Upton Police Departments. The Milford Police Department also received a grant to install an automated license plate reader system that allows an officer on patrol to scan license plates to determine if the vehicle and/or owner are in compliance with the laws of the Commonwealth.

On behalf of the men and women of the Milford Police Department I would like to thank the residents of the Milford community for your continued support of the men and women of the Milford Police Department. We look forward to the opportunity to work with you and to serve you in the coming years.

Sincerely yours,

### 2011 ANNUAL TOWN REPORT

From Pre-K through high school, the Milford Public Schools is committed to providing a rigorous educational program designed to challenge and support our students to achieve their personal best. Our school community has made great educational strides throughout 2011 and we remain steadfast in preparing our students for 21<sup>st</sup> century teaching and learning.

Together, the Milford School Committee and its administration, teachers, staff, and students have achieved much through collaboration. This year brought several key district accomplishments and partnerships for which we, as a community, can all be proud. Through individual School Committee memberships and board involvement with the Milford Area Chamber of Commerce, Milford Regional Medical Center, Milford Rotary, Lions, and others, Milford Public Schools has gained tremendous partnership opportunities and secured tens of thousands of dollars in grants and gifts from generous business partners. Additionally, through long-standing relationships with local business partners, the Milford School Committee was instrumental in garnering labor and materials for multiple playground projects, most recently at Shining Star Early Childhood Center.

The Milford Public Schools is also deeply invested in early childhood education as demonstrated through cooperation with the Milford Family and Community Partnership, HeadStart, and Early Criterion-Valley Interventions among other representatives of the Milford Early Childhood Council. We are also participants in the first Partnership for Advancing Global Education (PAGE) Symposium where experts from government, education and industry share their best practices for preparing students to succeed in a 21<sup>st</sup> century global market. The Milford Public Schools advocates for international learning experiences for its students through exchange programs, hosting experiences, and educational student travel to Spain and Italy.

As part of the Healthy Futures initiative, to which Milford has been central, the Milford Public Schools joined with the Hockomock Area YMCA, Milford Regional Medical Center, and local businesses to develop programs for students, PreK-12, that focus on health, wellness and nutrition. In March of 2011, the Milford Public Schools also partnered with Clarke and Hannaford, both of Milford, to produce a half-hour healthy cooking show geared towards students, which was then aired on local cable television.

In April of 2011, Milford hosted a Community Education Summit – a community gathering and information session that benefited local school leaders, School Committee members, and School Council members and helped to bring about a better understanding of the past, present, and future of school funding in the Commonwealth. Our school community was also fortunate to be awarded tremendous financial support from the Massachusetts School Building Authority for a number of school repair and renovation projects through legislative support by our local State Representative and strong town committee involvement and support. In 2011, Milford also became the owners of a brand-new, state-of-the-art athletic complex, which was accomplished through taxpayer support and town collaboration and vision by the Milford Board of Selectmen, Parks Department and countless other community partners.

Whether in the classroom, on the field, or on the stage, there is much for which Milford should be proud – and the list keeps growing.

Respectfully submitted,  
Robert A. Tremblay  
Superintendent of Schools

The Trustees of Vernon Grove have started the process of surveying the remaining land at the cemetery for additional graves and a new baby lot. We have also made arrangements to repair the older stones in the cemetery and to find a better way to preserve the slate stone of the Milford's fore fathers that were moved to Vernon Grove from the Memorial Hall site. The town purchased some land between Depot and Claflin Street for a new cemetery but this was never very well liked, so when they moved the older stone from the cemetery where Memorial now stands this cemetery was abandoned and everyone was moved to Vernon Grove. Some people chose to move their people to lots that they owned in Pine Grove and North Purchase Street Cemetery.

This year we have had a total of 36 burials, 28 traditional burials and 8 cremations. We have sold 15 Lots this year.

Your Sewer Commission meets on Tuesday nights on a posted monthly schedule. All meetings are open to the public and are held in Room 14 of the Milford Town Hall located at 52 Main Street in Milford.

We issue permits for connection to our sewer system after careful review for compliance to all rules and regulations. We license all Drain Layers doing work in the Town of Milford. We continue working with the firm of Tata & Howard as our Engineering Consultants, with Jack O'Connell as its representative. This provides you, the taxpayer, with the most qualified and cost-effective service available today in the complex field of Wastewater Management.

The budget established for the Sewer Department operation is funded through the "Sewer Use Fees" as established and mandated by the Enterprise Fund Act, adopted by the Town in 1982.

Your Sewer Department staff dedicates itself to service and pride in its work, and continues to obtain accreditations and certification in the field of Wastewater Management.

Our Field Service support team inspects pipeline installations and maintains building and permit records at a cost savings to contractors, as well as generating revenue income for the Department. They establish scheduled routines of inspection, clean-out and testing, to keep the 60 miles of pipeline and 10 pumping stations in perfect running condition.

Our Sump Pump Program was initiated in 2010. Since that time, we have inspected 110 houses and removed 26 sump pumps that were connected to the sewer system, and we connected them to the drain system at no cost to the homeowners. This ongoing program will alleviate a large amount of inflow to the sewer system, and we will be continuing this initiative in an effort to eliminate overflows.

The Milford/Hopkinton Sewer Connection Project was completed this year. The Project is generating sewer use revenue for the Town of Milford on a monthly basis.

We, your elected Board of Sewer Commissioners, continue to research a variety of funding revenues to expand our customer base. This is the only economic sense for a department that relies totally on monies received from our customers to pay all of our bills. Therefore, we must seek out alternatives to expand our customer base and services to provide for the future growth and maintenance of your Sewer Department.

### DEPARTMENT OF VETERANS' SERVICES

The office of Veterans' Services is located in Room 01 on the lower level of Town Hall and staffed by John A. Pilla, Veterans Service Officer and Janet Flumere, Assistant. Office hours are Monday through Friday from 9 a.m. to 5 p.m.

The program was instituted after the Civil War by the state legislature in recognition of the military services and associated sacrifices by its citizens who protected and defended the United States in time of war as well as peace time. The program is "mandated" by Massachusetts General Laws Chapter 115 in that every city and town in Massachusetts must provide its services.

The major focus of the program is to provide financial assistance to eligible veterans and their dependents. Although not affiliated with the federal program of Veterans Affairs, we do provide service work in assisting veterans in filing applications.

We work closely with all service agencies in the area in order to access benefits that our clients may be entitled to.

The financial support provided by the town has been exceptional and consistent over the years along with the various service organizations that help out during the holiday season.

Information about veterans' benefits is always available at our office or on-line at the following web sites: State Veterans programs at [www.mass.gov](http://www.mass.gov) or the Federal program at VA [www.va.gov](http://www.va.gov).

**REPORT OF THE TOWN TREASURER**  
**INTRODUCTION**

The annual report of the Town Treasurer is hereby submitted for the fiscal year commencing July 1, 2010 through June 30, 2011.

The Treasurer's Office is located in Suite #18 of the Town Hall. The office is open Monday through Friday from 8:30 a.m. to 5:00 p.m. The Treasurer is responsible for recording cash receipts and cash disbursements, payroll and related deductions, short-term and long-term debt, and tax lien management. Accordingly, this report illustrates the status of the major responsibilities of the Treasurer, detailing the operating results at the close of the fiscal year.

The Treasurer's Office would like to thank the staff, Town officials and citizens for their cooperation during the past year and we look forward to continuing our service to the community.

**CASH**

The investment policy of the Treasurer contains three guiding principals: first and foremost is safety of principal; second is liquidity for meeting daily cash requirements; and the final is return on investment. In the course of the Town conducting business, the Treasurer receives and distributes approximately \$93,000,000 annually, with \$17,000,000 on hand to meet immediate distribution needs.

The Town's cash accounts are categorized as "Unrestricted Cash" or "Invested Cash". Unrestricted Cash represents on hand funds in interest bearing checking or saving accounts, requiring no minimum balances. Invested Cash may or may not be liquid funds, depending on the type of investment. Investments command a higher rate of interest and some require minimum balances.

Reported on the following page is the Change in Cash Balance from Operations, which indicates the source of cash received and disbursed during the fiscal year. Also included is the Cash Balance by Institution, which details cash funds available at each financial institution. During 2011, interests rates remain low, although rates in many of the Town's investments were secure. Efforts to maximize interest income from investments fell short of budget projections.

**STABILIZATION FUND**

The Town of Milford has taken steps to protect its financial position through the establishment of a stabilization fund. The Town utilizes stabilization to normalize long-term debt expenditures and for major capital appropriations. Stabilization is viewed as a credit positive, and has yielded the Town desirable borrowing rates. Appropriation requires a two-thirds vote of members present at a Town Meeting.

**TRUST FUNDS**

For accounting purposes, trusts are divided into two major types: Non-Expendable and Expendable. Differentiating between a Non-Expendable and an Expendable trust is the wish and intent of the donor. A non-expendable trust requires the principal remain intact, with only the interest income expended for the specified purpose. Contrary, an expendable trust allows the commingling of principal and interest and the ability to spend both without restriction, until exhausted. The Town opts to maintain other trust funds for specified purposes, namely, health insurance, self-insurance programs, and student activities.

**TAX TITLE**

When real estate taxes remain unpaid for an appreciable length of time, the Tax Collector has the authority, under the law, to place a registered lien on the property in default and transfer the unpaid balance to the Treasurer's books. This tax lien prevents the owner from selling or transferring the property without first satisfying the debt to the Town. The Treasurer then assumes the responsibility of collecting all amounts due, or commences foreclosure proceedings.

**3. Detail of Authorized and Unissued Long Term Debt as of June 30, 2011**

Under Massachusetts General Laws, a Town must authorize debt at a Town Meeting. Although authorization does not mean debt has to be issued at that time, it does require a memorandum to the financial statements until such time the debt is issued or rescinded.

<b>Town Meeting</b>	<b>Art</b>	<b>Purpose</b>	<b>Balance 1-Jul</b>	<b>Additions</b>	<b>Issued / Rescinded</b>	<b>Balance 30-Jun</b>

<b>TOTAL:</b>			<b>\$ 250,000</b>	<b>\$ 2,000,000</b>	<b>\$ -</b>	<b>\$ 2,250,000</b>

**4. Legal Debt Limit**

Under Section 10 of Chapter 44 of the Massachusetts General Laws, a Town may authorize indebtedness up to a limit of five percent of the equalized valuation of the Town. Debt issued in accordance with this section of the law is designated as being "inside the debt limit". The Town has \$24,514,000 of debt inside the limit as of June 30. In addition, the Town is carrying \$11,729,747 of debt outside the limit for eligible purposes as specified under Section 8 of Chapter 44. The Town of Milford's debt position remains favorable, with a debt ratio of 0.8% , with payoff of debt at 61.5% over the next ten years. All debt appropriations are within proposition 2 ½.
