Meeting called to order 6:00 PM. Motion to open by Scott, 2nd by Chase all in favor.

Review of minutes, Scott motion to accept, 2nd by Chase, all in favor.

Administrator Report:

New flag that was ordered came in at state store. VG dump truck received 6 new tires with assistance from Scott and Highway Department. I scheduled a service appointment at Imperial on 4/27 to do a front-end alignment (Tire shop couldn't do alignment), oil change, filters etc. Parts for recall aren't available yet.

Dustin started back at VG full time Monday 4-3-2023 and has been cleaning up from winter, removing Xmas decorations etc. Also, flag pole area cleanup started, Dustin removed legs from broken benches and laid cracked stones on ground. It looks much better. Need to figure out how to paint and replace halyard on flagpole. All machine maintenance completed by Dustin in March. With help from the Highway Dept., the trailer was reboarded, gate stops welded on, and paint touched up. Trailer now being parked between the buildings so it gets sun and air to dry out properly instead of in the woods where it stays wet and boards rot out. Would like to put crushed stone like the area where porta potty is located. Purchase Street has been cleaned up and looking good. Dustin wondering about trimming rhododendrons etc. Small fence around a grave, should it be removed? Are there separate guidelines for Purchase Street or treat same as VG?

6:15 Board interviews candidate Michael Demello for PT job. 6:28 end interview.
